

GOPP

Better Business, Together.

FEATURED PARTNERS THIS MONTH:

Call us on (08) 9938 3999 for the latest supplier list

A note from Wendy

It's been a hectic end to the month with the threat of TC Narelle keeping everyone on edge. We're grateful it passed without impacting our region, but our thoughts are with those in Exmouth and surrounding areas who weren't as fortunate.

A big congratulations to our February competition winners. **Avalon Group** (front page) took out the top spot with an impressive 83 invoices, while Michael and Melissa from **Ozziebuild** (inset) made the most of their membership by using the highest number of different GOPP Partners.

Both businesses have received a \$500 voucher to a GOPP Partner of their choice. It's great to see members making the most of the network and the value it offers.

Behind the scenes, the team has also been busy putting the finishing touches on the new GOPP app and website, with more to come soon.

We're also pleased to welcome our newest GOPP Partner, **Stratum Cutting Edges**, specialists in quality cutting tools and equipment to keep your operations running sharp. Be sure to check them out and see how they can support your business.

Mitchell and Brown have updated their offer, with 50% off homewares every day, plus 10% off a wide range of electrical and appliances.

We're proud to be sponsoring the Dongara Races again this year. Wishing everyone a safe and prosperous Easter, and if you're heading along, we hope you back a winner.

NEW

Grader Blades & Cutting Edges at Stratum Cutting Edges

Our premium grader blades, cutting edges, end plates and shanks are built for heavy-duty performance in road construction, civil work and agriculture.

Based in Geraldton, Stratum Cutting Edges keeps common sizes in stock locally so contractors, councils and farmers can get back to work fast across the Midwest.

As an authorized agent for DEX Spares, we also offer premium-quality parts from a trusted industry leader.

Michelin ag tyres in stock for seeding at Transwest Tyre & Auto

Transwest Tyres has just received a shipment of Michelin Ag tyres, landing right in time for seeding.

Available sizes in stock:

520/85R42 Michelin VF Agribib 2
520/85R46 Michelin VF Agribib 2
710/70R42 Michelin VF Axiobib 2
800/70R38 Michelin VF Axiobib 2
600/70R30 Michelin VF Axiobib 2
480/80R42 Michelin VF Spraybib
480/80R46 Michelin VF Spraybib
480/80R50 Michelin VF Spraybib

Need a different size? Other options can be ordered for overnight delivery if placed before 1pm.

Michelin's Ultraflex VF (Very High Flexion) technology is designed to help you get more out of every hectare. Reinforced sidewalls and advanced rubber compounds allow for lower operating pressures, increasing the tyre footprint for better traction, reduced soil compaction and less slippage.

The result? Improved yields, better fuel efficiency and the ability to carry heavier loads without compromising performance.

Celebrating 50 years of trading with Geraldton Ceramics

This year marks a major milestone for Geraldton Ceramics, celebrating 50 years in business, with owner Lilly Robson proudly at the helm for the past 15.

Over that time, Lilly has seen trends come full circle. “Twenty years ago it was all bright colours, then everything shifted to beiges, greys and whites,” she says. “Now we’re finally seeing colour come back through, along with various shapes, styles and textures.”

Like many regional businesses, the journey hasn’t been without its challenges. From fluctuating supply and currency changes to freight delays across Australia, the past few years have tested even the most established operators.

“We’re in a society that wants things now,” Lilly explains. “Customer service is really important to us, so delays can be tough when you know people are excited to get started.”

Despite this, one of the biggest rewards has been helping locals bring their ideas to life. “People see these beautiful kitchens and bathrooms in magazines and think they can’t have that here,” she says. “Then they walk into our showroom and realise they can.”

Over the years, Geraldton Ceramics has expanded beyond tiles and flooring to offer a full range of products including baths, basins, vanities, shower screens and hybrid flooring, making it easier for customers to find everything they need in one place.

Looking forward, Lilly believes the Midwest still has plenty of growth ahead, with more homes to be built and a strong focus needed on supporting local trades and apprenticeships.

“To our customers past, present and future, thank you,” she says. “We’re proud to be a family business that’s been part of this community for 50 years, and we’re still here because of your support.”

New Arrivals

Fresh new arrivals at Rogue Pony

Rogue Pony has had a gorgeous new drop land in store, including Wrangler bags and wallets, plus new season pieces from Thomas Cook, Pure Western, R.M. Williams and more.

There's plenty for the blokes too, but let's be honest, the bags are stealing the show this time.

PS. We've also got some Clearance Racks with items from \$10.

MIDWEST SAFETY & TRAINING PTY LTD

COURSES

- ✓ HR-B truck licence
- ✓ WHS supervisor
- ✓ Health and Safety Rep
- ✓ Electrical Test & Tag, Fire Equipment Tagging
- ✓ Snake Handling
- ✓ High Risk - Rigging, confined spaces

At Midwest Safety and Training, we believe getting the right ticket for work shouldn't mean travelling to Perth or waiting months for a course.

Based right here in Geraldton, we run a wide range of industry recognised training and high risk licences to help people get qualified and job ready. Whether you're starting out, changing careers, or need extra tickets for work, we make it easy to train locally.

We offer training for HR-B truck licences, forklift, dogging and rigging, crane tickets, confined spaces, WHS supervisor courses and Health and Safety Representative training, all delivered by experienced trainers who understand the industries people work in across the Midwest.

We also run practical courses that businesses find incredibly useful, like Electrical Test and Tag and Fire Equipment Tagging, so workshops, farms and small businesses can manage their own compliance without the ongoing cost of hiring electricians.

Working in rural and regional areas also comes with its own challenges, which is why we even offer snake handling courses for people working on farms, stations and remote sites.

What really sets us apart is our can-do attitude. If you need a specific safety ticket or course for your workplace, we'll do everything we can to organise it right here in Geraldton.

Train local. Get qualified. Get working.

Midwest Safety and Training. Helping the Midwest stay safe, skilled and job ready.
