GOPP

Better Business, Together.

FEATURED PARTNERS THIS MONTH:

Call us on (08) 9938 3999 for the latest partner list

A note from Wendy

As we move through another busy month, I wanted to take a moment to recognise International Co-op Day, celebrated at the beginning of July.

It's a great reminder of what makes GOPP so special. For almost 50 years, our co-operative has been helping local businesses save time and money through the power of working together. Thank you to every member, partner and supporter who continues to make that possible.

I'd also like to congratulate the team at **Transwest Tyre & Auto** on their successful Harvest Readiness Information Evening. Bringing together customers, industry experts and suppliers to share practical advice and help businesses prepare for harvest is exactly the kind of collaboration our region does so well. It was fantastic to see such strong support for the event, and we wish everyone a safe and productive harvest season.

It was also wonderful to see the event hosted at another valued GOPP Partner, **Nabawa Valley Tavern**. Seeing local businesses supporting one another is what co-operation is all about. As trading conditions become more challenging, those local connections become even more important, and it's great to see our partners working together to strengthen the Midwest business community.

Finally, I'm pleased to welcome Bronwyn Earl to the GOPP team. Bronwyn has recently joined us and is a Narra Tarra local and already knows lots of our partners from using GOPP in their farming business. If you see a new face in the office or hear from her over the coming weeks, please make her feel welcome as she settles into the team.

As always, thank you for being part of the GOPP community. We hope you enjoy this month's newsletter and continue to make the most of the savings and benefits available through your membership.
