A note from Wendy

I hope everyone has had a great start to the year ahead. While EOFY can be a busy time, it's also a great opportunity to look at where your business can save money, and that's exactly what GOPP is here to help with.

Last week Lynne and I had the pleasure of attending the WIBBS Breakfast, where we had the chance to meet with local business owners and share what GOPP is all about. We also heard from guest speaker Heather Jones from **Pilbara Heavy Haulage Girls Group**, who shared her inspiring story of building a successful family business while creating opportunities for more women to enter the transport industry. It was a fantastic morning and a great reminder of the resilience and determination behind so many regional businesses.

I'd also like to welcome **Dongara Pumps and Power** as our updated GOPP Partner. Formerly operating as Dongara Drilling & Electrical, the business is now under the ownership of James Guppy. While the name has changed, members can still expect the same familiar faces and the same quality service for all their pump and power needs.

There's plenty happening with our partners this month too. **Sun City Boat Sales** (Front page) has expanded its range to include everything you need for your next barbecue or butchering project, and throughout July GOPP members can access an exclusive 5–10% discount across selected lines. If you're planning to stock up, be sure to call in and take a look.

Finally, we're proud to be supporting the Geraldton Combined Equestrian Clubs Gala Breed Show later this month. Events like these bring our community together and provide valuable opportunities for local competitors to showcase the quality horses and ponies our region has to offer. We wish everyone involved a successful event and look forward to seeing it continue to grow.

Thank you for being part of GOPP and for supporting the businesses and communities that make our region strong.
