A note from Wendy

As businesses across the region gear up for EOFY, with receipts, spreadsheets and stocktakes taking over the office, it's also a good time to reflect on the positive impact our network continues to have in the community.

GOPP was recently proud to donate to Leap for Life, helping raise funds for breast cancer support and research. With this year's event taking place in mid-June, we'd like to wish all participants the very best. Anyone willing to jump out of a perfectly good aircraft for a noble cause is braver than most!

Congratulations to the team behind Flotsam & Jetsam on another successful opening night. We value the important role community arts play in our region and are proud to support initiatives that showcase local creativity. The Flotsambury exhibition at Latitude Jewellers is a fantastic display of Geraldton talent and remains open until mid-July, so make time to check it out.

You may have noticed the photo on this month's cover. We're excited to have recently come on board with WIBBS and look forward to supporting another fantastic local initiative. The team recently featured GOPP in a video reel, now live on our Facebook page.

Our new website is now live, with the dedicated app scheduled to roll out in July. These changes make it easier to find partner information, access member resources and manage your account. If you haven't had a chance to explore the website yet, now is a great time to jump on. If you strike any issues, please give the team a call.

Finally, with 30 June fast approaching, don't forget to take advantage of EOFY offers from our partner network. If you're planning to stock up, upgrade equipment or bring forward purchases, now is a great time to save.

Thank you for being part of GOPP and for supporting the businesses and communities that make our region strong.
