FEATURED PARTNERS THIS MONTH:

Call us on (08) 9938 3999 for the latest supplier list

A note from Wendy

Welcome to the latest issue. It's been a bit of an unusual month with both the Easter and ANZAC Day long weekends in the mix, but it's been great to see so many of our members making the most of it.

Over Easter, GOPP was proud to sponsor the Kids Hub at the Dongara Irwin Race Club, including Old Macdonald's Travelling Farms. Pictured on the front cover is Dani, who made the trip up for the event and helped bring it all to life.

We also had the pleasure of sponsoring Nate O'Brien (pictured inset), who was selected in the State Under-16 Boys Hockey Team for the Hobart Championships in April 2026.

Nate is the grandson of Peter Avery from Statewide Bearings, and it meant a lot to us to show our support in recognition of how much Pete has meant to the GOPP community.

At GOPP, that's exactly what we're here to do. When local businesses are supported, communities thrive.

Speaking of business, thanks to the continued support of our members, our buying power keeps growing. If you know a small or medium business owner who could benefit from better deals and simplified purchasing, be sure to point them our way.

With Mother's Day just around the corner, we'd like to wish all the mums and mother figures in our community a very happy day. And if it's snuck up on you this year, never fear! We have vouchers available for Bunnings, Nabawa Valley Tavern and Skeetas 😊

BWT Jumbo Filter Systems

Single, Twin & Triple - Whole House / Commercial use

PSJ Jumbo Filter Systems are the ideal solution for whole-house and small commercial or industrial water filtration applications. Equipped with large 1" BSP inlet and outlet ports, these systems deliver high flow rates and impressive capacity performance. BWT Jumbo housings are compatible with a wide range of Jumbo filter cartridges, making them highly adaptable to suit the specific demands of your application.

Designed to connect seamlessly to mains or pumped water supplies, BWT Jumbo Systems are straightforward to maintain and competitively priced. For optimal performance, cartridge replacement is recommended every 12 months, though this may vary depending on the application and usage requirements.

Features & Benefits

- Includes mounting bracket, screws, & bump wrench
- Housings have a gauge mounting port and pressure vent
- Various configurations to suit all applications
- Reduces sediment, chlorine, taste / odour depending on filter cartridges selected
- 1" BSPF reinforced inlet / outlet ports

Geraldton Rubber & Conveyor are keeping things rolling locally

Did you know Geraldton Rubber & Conveyor are home to the only autoclave north of Perth?

It means idler wheel refurbishment can be done right here in Geraldton, with no need to send parts away. Using their autoclave and steam curing process, the team helps reduce downtime and keep operations moving.

For businesses that rely on their equipment day in, day out, having that capability locally makes a real difference.

Backed by an experienced team who understand the demands of the industry, it's a reliable, built-to-last solution close to home.

- ✓ Local
- ✓ Reliable
- ✓ Built to last

If your gear is starting to show signs of wear, it might be time for a refresh.

Support local. Buy Australian made.

Australia produces a lot of great products, and at Winc, we are proud to offer a large range of Australian made workplace supplies.

Supporting Australian made means:

Supporting
Australian jobs

Supporting
Australian businesses

Supporting the
Australian economy

Introducing Australia's only locally made copy paper.

Launching May 2026, Mandura Carbon Neutral Australian Made Copy Paper is the only copy paper currently made in Australia, exclusively available at Winc.

Product code: 25229460

This copy paper is pretty special! It:

- Uses half the wood of traditional copy paper production methods
- Is being produced at the Boyer Mill near Hobart, helping to protect 310 jobs worth \$50m annually to the Tasmania economy
- Supports the growth and development of Mandura, a Supply Nations certified First Nations business
- Helps create sustainable change for young First Nations Australians with 20% of Mandura's profits donated to the Pauline E. McLeod Foundation
- Is carbon neutral and certified FSC® Mix*
- Creates less carbon miles compared to every other copy paper on the market which is imported

Support Australian made today at winc.com.au!

*This product has been certified FSC® Mix which means it has been manufactured with a combination of FSC-certified virgin fibre (from FSC-certified forests), controlled sources and/or reclaimed or recycled wood or fibre.
